# CORES DIE IN FLAMES.

Wast Forests Blaze in Canada.

Many Towns Ruined in Fires Which Raged for Forty-eight Hours.

Number of Killed in Northern Woods may Total Over Two Hundred.

(BY A. P. NIGHT WIRE.)

WHELAN (Ont.) July 30.—

Forest fires raging in North-

western Ontario are believed to

have resulted in the loss of

from 150 to 200 lives. Other

persons have been killed and

and it is feared many of them

are dead.

Several small towns have been

ruined by the flames that have

been raging for forty-eight hours.

Reports thus far received show that

the fires have been burning in

the Canadian settlement, and

that the fires have been burning

for several days.

The number of people killed at

the fires is not known.

The entire town was destroyed,

except the railroad station.

# "CALL OFF BLACKLIST," WILSON TO BRITAIN.

Sharp Language Used in Demand that English Observe the Law.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, July 30.—De-

clining to recognize any ar-

bitrary regulation of trade laws not

already established by international

law, the United States has informed

Great Britain that it cannot consent

to the apparent rulings of the British

blacklist.

London is informed that the

United States believes Great Britain

has "too lightly and too frequently

disregarded well-defined interna-

tional practices."

The text of the note was made

public tonight by the State Depart-

ment. The note was received in

London on Friday.

In its summary of American in-

ignation against the blacklist an-

ouncement, President Wilson uses

sharp language, but the note con-

cludes with a departure from the

reference to international law.

It bases the claim for reconsider-

ation by Great Britain more upon

"true justice, sincere amity, and im-

partial fairness," which Mr. Wilson

states should mark the dealings of

friendly nations.

It finds the spirit of reciprocal

trade between the United States and

Great Britain being "very seriously

impaired" by practices such as the

blacklist.

WARNING TO BRITAIN.

"His Britannic Majesty's govern-

ment," the note concludes, "cannot

expect the government of the United

States to consent to see its citizens

put upon an ex parte blacklist with-

out calling attention to the gravest

of many prospective and serious

consequences to neutral rights and

relations which such an act must

inevitably entail."

"It hopes and believes that his

Majesty's government in its natural

absorption in a single pressing ob-

ject of policy has acted without a

full realization of the many unde-

sirable results that might ensue."

The note does not ask for a

prompt reply. It merely expresses

a hope and belief that the Brit-

ish government acted thoughtfully

and may alter its policy.

Attention is called to the ex-

pressed fear that the blacklist will

operate to "taint" the neutral firms

which deal with the blacklisted

firms, thus effecting a general boy-

cott.

Sir Cecil Spring Rice, the

British Ambassador, denied this ex-

actly on the occasion of a special

visit to the State Department and

a long conference with Acting Sec-

retary Polk, whose name is signed in

the note.

NATURAL INFERENCE.

The inference drawn by those un-

friendly to the administration is that

this reference was made deliberately

with a view to having the British

government confirm that statement

made orally by Sir Cecil four days

ago and put in writing by him two

days later when he made his sec-

ond visit to the department.

Thus, when Great Britain assures

the United States that neutral trade

is not aimed at in the blacklist or

der, the statement may be looked

on as a concession.

# BIG SMASH SUCCEEDS.

Slavs Drive Back Von Linsingen.

Russians are Nearer Lemberg

Now than Forces of the

Central Empires.

(BY ATLANTIC CABLE AND DIRECT WIRE.)

ONDON, July 30.—Pur-

chasing hand-to-hand encounters

and cavalry dashes have succeeded

massed infantry and artillery op-

erations along the 100-mile front

in Volhynia and Northern Galicia

where the Russian smashed yesterday.

According to Petrograd, the Russian

advance all along the line is pro-

ceeding, with the Teutonic forces

rapidly falling back to new defenses

near Kovel.

Gen. Brusilov's troops now hold

virtually the whole of the Stokhod

line. Only at isolated places have

the Germans and Austrians been

able to hold out against the terrific

slaughters of the last three days, and

these they are expected to abandon

as soon as the danger of flank or

rear attacks becomes more pro-

nounced.

As was forecasted in these dis-

patches yesterday, the wedge of steel

which the Russians drove through

the enemy's lines at Hulevitch, the

most due east of Kovel, has com-

pleted the forces of Von Linsingen

to withdraw from the Stokhod

line. The withdrawal had

been planned for long time, and

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, July 30.—Posi-

tive identification of Mrs. Rena Mo-

oney as the woman who was seen in

a lower Market-street building with

Warren K. Billings shortly before

the explosion, and the announcement

by the police that the grand jury

will be asked tomorrow to return in-

dictments charging first-degree mur-

der against Billings, Thomas Mooney

and Edward D. Nolan, were the chief

developments today in the investi-

gation of the dynamiting outrage at

Southeast and Market streets a week

ago Saturday.

Further search for "Big Monte,"

the mysterious person supposed to

have valuable knowledge of the dy-

namiting, a continuation of the so-

called surveillance of Alexander Ber-

ns and Alexander Berkman, the two So-

cialist leaders and editors known to

the police as the State's chief wit-

nesses against the persons under ar-

rest.

The inquiry over the bomb victims

### Civilians Again.

## EX-SOLDIERS DENY ARMY IS UNDERFED.

### MANY DISCHARGED GUARDSMEN ARRIVE.

Defects of Vision or Lack of Weight Expects Them from Service. Doctors Men are Misled Over Because of Temporary Impairment of Health.

Traveling in two special cars on the Southern Pacific, 134 former officers, noncommissioned officers and privates who were among California National Guard troops at Nogales and were honorably discharged because of physical shortcomings, arrived here Saturday morning. With the exception of those who failed to pass tests for vision and hearing, the majority of the men were discharged for being underweight. The men positively deny reports circulated in some circles to the effect that the troops have been mistreated and underfed.

"On the contrary," said Capt. Simon of Yuma, discharged because he was two pounds under weight, "the men have received everything the army bill of fare calls for and in many companies more. Of course, the menu is not as varied as the men are accustomed to, but the food is good and wholesome, there has been absolutely nothing wrong."

The ex-soldiers say the climate and change of water has affected the health of the troops to some extent and declare the whole discharge has resulted largely from temporary causes rather than from real defects in the men. They say approximately 500 men have been discharged from among the California troops along the border.

### CLUB RAIDED AGAIN.

The raid was made by Sergt. Ferns and members of the metropolitan squad. It is the second raid the new squad has made on the place during the month.

wood or earth to absorb the heat from the sun's rays. The concrete is mixed mechanically and discharged into an inclined trough reaching to the top of the house by means of a series of buckets arranged upon a
